**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This Request is for a Site Development Plan Review for an existing 388 condominium development conversion to a 388-unit apartment complex on 21.30 acres at 3450 North Hualapai Way. Originally built as an apartment complex in 2000, the existing complex was converted to a condominium development by a Final Map recorded on December 23, 2005. Now under new ownership a conversion back to apartments is being requested.

The site plan depicts existing structures and facilities in the community. As stated on the submitted site plan all existing structures are to remain and there will not be any structural improvements to the buildings or facilities. Staff recommends approval of the conversion from condominiums to apartments.

The subject site is located within the Lone Mountain Master Development Plan. The site is designated as MFM (Multi-Family Medium Density Residential). The Multi-Family Medium Density provides for the development of 12.1 to 18 dwelling units per gross acre. Product types shall include a variety of units such as plexes, townhouses, and low-density multi-family, detached one and two story residential buildings. The proposed site plan conforms to the special land use designation applied through the Lone Mountain Master Development Plan.

## **DEVELOPMENT STANDARDS**

The proposed conversion to apartments consists of a 388-unit condominium development covering the 21.30-acre site. There are 32 multi-family buildings comprised of one, two, and three bedroom units located throughout the project. The building designs are both one and two-story floor plans with two-car and three-car garages. The site is accessed via Hualapai Way, which is designated as a Primary (100-ft) Arterial on the Master Plan of Streets and Highways, and will not negatively impact roadways or neighborhood traffic.

	1 add'l guest space for every 6 units		65				
SubTotal			672	13	727	13	
TOTAL (including handicap)			672		727		

The project exceeds the standards of the code with respect to the overall number of parking spaces. Between 501 to 1,000 parking spaces requires two percent of the total number of required spaces shall be handicap spaces.

## ANALYSIS

- Zoning**

The proposed conversion of condominiums to apartments is in conformance with PD (Planned Development) zoning district. Such development is also permitted and in conformance with the Lone Mountain Special Land Use Designation of MFM (Multi-Family Medium Residential).

- Site Plan**

The site plan matches that of the originally approved Site Development Plan Review [Z-0033-97(8)]. The site plan depicts an arrangement of buildings and vehicle driveway and parking areas. Also indicated on the site plan are community facilities, including a recreation building and outdoor pool.

**SDR-24274 - Staff Report Page Five**  
**October 11, 2007 - Planning Commission Meeting**

- **Landscape Plan**

Existing landscaping is provided around the buildings and in planters around the perimeter of the existing complex. The existing site is to be in conformance with Site Development Plan Review [Z-0033-97(8)] and the landscape standards of Title 19.12.

- **Elevation**

Elevations depict stucco exteriors with varying facades, which include patios, balconies, and arched windows, with tile roofs.

- **Floor Plan**

The provided floor plans indicate four building types, which are composed of one, two, and three bedroom units.

## **FINDINGS**

In order to approve a Site Development Plan application, per Title 19.18.050 the Planning Commission and/or City Council must affirm the following:

1. **“The proposed development is compatible with adjacent development and development in the area;”**

The proposed conversion of the existing condominiums to an apartment complex is compatible with adjacent development.

2. **“The proposed development is consistent with the General Plan, Title 19, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted City Plans, policies and Standards;”**

The proposed development is consistent with the General Plan, Title 19, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly adopted City Plans, policies and Standards.

3. **“Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;”**

Site access for this existing apartment complex will not be negatively impacted by the proposed conversion.

**SDR-24274 - Staff Report Page Six**  
**October 11, 2007 - Planning Commission Meeting**

**4. “Building and landscape materials are appropriate for the areas and for the City;”**

The existing elevations and landscape materials are appropriate for the proposed conversion of condominiums to apartments.

**5. “Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;”**

The building elevations depict design characters that are not unsightly and are harmonious and compatible with development in the area.

**6. “Appropriate measures are taken to secure and protect the public health, safety and general welfare.”**

The proposed development will be subject to ongoing inspections, and therefore the development will not compromise the public health, safety or welfare.
